The embroideries, paintings, pressings and firings that will have to be hurzied would be thought to be utter impossibilities at any other time of year. Early risings and late retirings, to say nothing of quickly eaten meals, lengthen the days that are all too short. The pleasant task or duty of making the Christmas gifts and preparing for the Christmas-giving festival devolves upon the feminine portion of the the household. One can scarcely imagine

the business pran, or even a man of leisure, sitting down to crochet, or embroider, or some big or little bit of fancy taste, and nimble fingers, and for the magazines and papers are full of the most delightful suggestions for gifts for each and every member of the family, all the kith and kin, and friends and acquaintances. The same suggestions are followed by minute details for accomplishing the works of art. No estimate can be made of the value of these hints to women in gen-To men, the column is as great a mystery, and is as studiously avoided, as that of stocks, bonds and market reports is by their wives. The great curiosity of this season would be the woman who has not made the vow to begin earlier next year. That is a resolution that is as imperishable as the annual New Year's purpose-to "do better next time." The woman who has all her Christmas ready for ten aggravating screnity, the companion piece to which is the terrible rush and excitehame of some much-loved friend comes to her whom she had entirely forgotten. Gift-giving is both a great pleasure and a great disappointment, but however much of the latter comes to adults nought but the former should be for the children, and longer Santa Claus, St. Nicholas and Kris Kingle can be made a reality instead of a myth to them the happier they will be.
